

Make sure your Hypnotherapist or NLP Practitioner has the right qualifications and experience. Make sure s/he is a genuine professional.

AAPHAN Registered Hypnotherapists and NLP Practitioners are required to gain a minimum of 60 Continuing Education (CE) points annually. They do this in a variety of ways including taking courses, attending seminars, conducting training courses for others, giving talks, etc.

AAPHAN's main function is to protect the public by ensuring that its Registered Hypnotherapists and NLP Practitioners work to best practice and are full trained and continually update their knowledge base.
