

Life Membership Presentation

At our Gold Coast General Meeting on 6th September the President, Stuart Walter, presented Kevin Tilden with his Certificate of Honorary Membership in recognition of his contribution to sports hypnosis and to AAPHAN over a period of nearly 20 years. A cake decorated with a pair of 'rubber gloves' was then cut by Kevin and sampled by all those present.

For those who don't know the significance of the rubber gloves, Kevin developed a unique aversion therapy method utilising doggy poo and rubber gloves for helping people to stop smoking.

The presentation

The Celebration cake

Kevin replied by saying how much he had enjoyed his long membership of AAPHAN and felt deeply honoured by the presentation.
